## Care, Case and Disease Management

Horizon NJ Health offers Care Management for our chronically ill members — members with complex and disease specific needs. Our Care Management program works closely with members and providers to coordinate services and will identify and connect the member with available community resources. Disease specific education is provided which includes but is not limited to asthma, diabetes and congestive heart failure (CHF) education. Horizon NJ Health also has a maternity program called Mom's GEMS (Getting Early Maternity Services). To inquire or refer a member to any of Care Management services please call one of the following numbers:

## MLTSS Network Relations

Horizon NJ Health Managed Long Term Services & Supports (MLTSS) is a program that offers access to additional benefits that allows members to remain in their home. Some of these benefits include home-delivered meals, Personal Emergency Response Systems and respite care. MLTSS Care Managers visit members in their home environment at regular increments throughout the year, assisting with coordination of care and services and disease management. If you would like more information, please contact MLTSS Member Services at **1-844-444-4410 (TTY 711)**.
