

Prescription Drug Listing

Register and sign in at horizonNJhealth.com.

What You Get With Your Horizon NJ Health Benefits.

Most prescription and non-prescription (over the counter) drugs are covered at no cost, or low cost to you, as long as your doctor orders them and they are listed on our Formulary. A committee of doctors and pharmacists reviews the list of drugs on our Formulary to make sure that the drugs are safe and effective. If your doctor decides that you must have a drug that is not included in the Formulary or your drug needs pre-approval, including a brand name medication exception, they can call and ask for special permission for you to get the drug.

Your doctor can call our Pharmacy Department at **1-800-682-9094 (TTY 711)**. To find a pharmacy near you, visit horizonNJhealth.com/findadoctor or call Member Services at **1-800-682-9090 (TTY 711)**.

Symbol	Meaning
CAPS	Brand name drugs
@	Needs pre-approval or other limitations apply
YO	Means "years old"
*	Limitations apply (quantity, age)
◇	Subject to Step Therapy of first-line agents
LTC	Long-Term Care
OTC	Over-the-Counter

Some members may have their HIV/AIDS medicine covered through the AIDS Drug Distribution Program (ADDP).

Vitamin A derivatives are considered noncovered pharmacy benefits for members 35 years of age and older.

Please note, oral oncology drugs have 14 day starter fills when applicable.

- A Formulary is a list of approved medicines covered by Horizon NJ Health.
- You can have prescriptions filled at any participating pharmacy.

Please note that our maximum day supply limit is 30 days. To check on a drug that is not listed on this Formulary, please call our Pharmacy Department at **1-800-682-9094**.
